KNUT BRY

Biography

Knut Bry is one of Norway's most acclaimed photographers. His work is internationally renowned in several genres, spanning from fashion editorials to world wide reportages for Condé Nast-publications such as VOGUE and The Traveler. Knut is a true humanitarian and has for the last few years been working with refugee camps on the island of Lesbos in Greece. His work is often recognized through his explicit use of colors, filters and objects - elegantly and insightfully composed - generating both conviction and joy in his audiences.

Knut has also hosted numerous solo- and group exhibitions as an art photographer, often accompanied by musicians, dancers and actors. He has also contributed to a number of books on design, architecture, travel and photography.

His sense of shape, light and color is truly inspiring, and his being even more so.
